The Well-tempered Clavier (Book II): Prelude and Fugue No. 11
By Ronald Hagelman.

WarDance

A notable success of the Action has been Short-Term Scientific Missions STSMs in which early-stage researchers have been able to expand their horizons by travelling to the leading proteomic laboratories in other countries to learn technology and undertake collaborative research. The semantic core of all models is based on high-level Petri nets, although this is hidden for the more abstract models.
