Saul, a mystery

Finally, they should not hold prejudice or defend one party as translators; a personality which enhances tolerance. By using this site, you agree to the Terms of Use and Privacy Policy.

Organizational Learning in Asia: Issues and Challenges

What the three authors had in common, however, was that they regarded translations essentially as useful practical linguistic exercises, but never explicitly as tools for spreading foreign Thus, they considered any text written in an ancient or modern language to be worthy of translation as long as it met the main, but highly subjective criteria of possessing a high quality, because only in that case would its translation make sense as a literary exercise.
