contact with extraterrestrial intelligence.

### **Top Hard**

This work involved the replacement of the semi-circular pediments by triangular pediments echoing the eastern pediment on Ruddle's building and included the addition of a third floor to the adjoining Ann Street building or buildings with verandahs at the two upper levels and pediment detailing continued from the hotel building to complete the visual incorporation of the building with the Royal George. The text highlights the problems inherent when dealing with contaminated sediments in rivers, lakes, and estuaries and includes numerous case studies that illustrate key concepts.
